

2023 CHARDONNAY

A PERFECT FUSION OF OLD AND NEW WORLD STYLES

An expression of the California Coastline, the wine is a blend of Chardonnay fruit from both Sonoma County and Santa Barbara County

Each site was vinified with a portion of the juice fermented and aged in French oak barrels to add some richness, spice notes and a smooth texture, along with an equal portion fermented in stainless steel, to express the purity and crisp expression of the fruit and the vineyards. Top notch for this price range.
